FATV Board of Directors/ Member Representative Letter of Intent

Fitchburg Access Television is an amazing asset available to our community, and I'd love to be a part of it going forward.

I would like to help FATV by serving on the Board of Directors in whichever capacity the board and/or voting members think I could best serve. I believe FATV has been going in a great direction, love the new online streaming link that allows videos right to Facebook, I love how the website is updated regularly, the on demand videos and ability to search by keyword or category—just fantastic.

Going forward I would be inclined to strive towards more social media integration, on demand streaming through the fatv website and beyond towards other social media video and podcast streaming sites.... and other technology advances that allow FATV to remain ahead of the curve shall we say. ;-)

Thanks!

Sam Squallia
